

HELP US SAVE ISRAELI DEMOCRACY

Israel faces one of its greatest threats in its 75 year history - and is fighting for its very soul.

Our government is pushing through legislation that is fundamentally undermining Israel's democracy and thus its security and its future.

This is not an internal issue.

It impacts both Israeli citizens and all Jewish people.
It impacts Israel's standing on the world stage.

We need you - our American friends and allies - to stand with us and to make clear that you support an Israel with a strong and resilient democracy!

Help us protect the Israel we all know and love!

Why is the government's judicial "reform" dangerous for Israeli democracy?

It is abolishing all checks and balances: Israel does not have a set of institutional checks and balances like the United States. The judicial overhaul in process will dissolve existing safeguards and concentrate power in the hands of the Prime Minister. The resulting regime change will turn Israel into a weak and unstable democracy - if not worse.

It is undermining minority and human rights: If this legal "reform" passes, laws eliminating basic rights could be approved by a simple majority. The government has already proposed more than 150 bills forcing gender segregation, stripping rights from minorities including LGBTQ, and enabling ultra-Orthodox rabbis to adjudicate marriage, divorce, education, and immigration issues without civil court oversight.

It is threatening Israel's economy and security: There is wide consensus among Israel's most preeminent experts that the legal reform will erode Israel's economic and military capabilities as well as its position as a strong, stable force in the Middle East and as an ally to the United States.

Israel's safety and security are at stake.

If the reform passes, Israelis and Jews around the world will be at great risk. Join us, the majority of Israeli citizens, calling on the Israeli Government to stop the reform and ensure Israel's democracy!

What you can do:

- **Join us at a rally.**
- **Share information with your home community.**
- **Stay informed.**
